June 8, 2007

Permit Number: OCRM-07-140-F  
Permit ID: 58856

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** John P. Barnwell  
C/O Cape Romain Contractors, Inc.  
660 Cape Romain Rd.  
Wando, SC 29492

**LOCATION:** On and adjacent to Stono River at 1421 S. Edgewater Dr., Charleston, Charleston County, South Carolina. TMS#: 349-13-00-012 & 349-13-00-013.

**WORK:** The work as proposed and shown on the attached plans consists of removing an existing dock, adding a new dock, and adding rip-rap. Specifically, the applicant seeks to replace the existing dock with a 4' x 176' walkway, with handrails, leading to a 16' x 20' fixed pierhead. Floodside of the pierhead, a 4' x 20' ramp will lead to an 8' x 30' floating dock. Also floodside, a catwalk will access a 13' x 18', four-pile boatlift. For the revetment, approximately 195 linear feet of stone rip-rap will be added to the shoreline of the property. The work as described is for the applicant's private, recreational use and erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

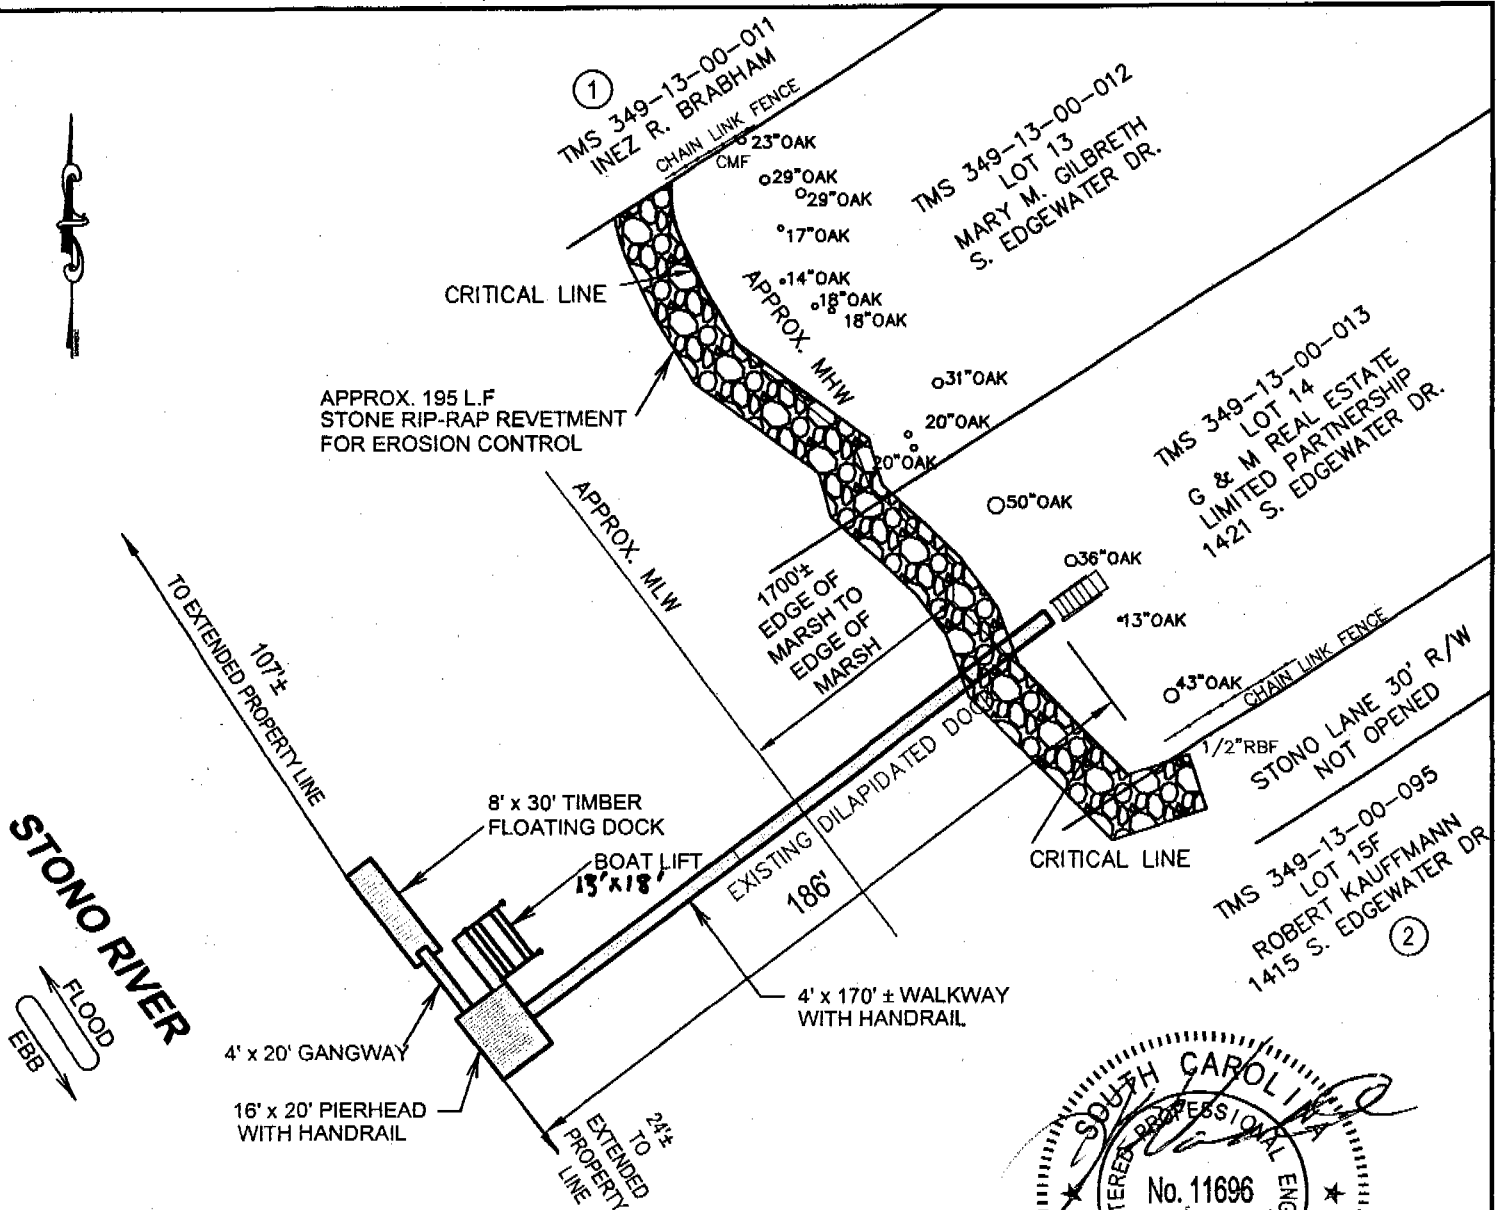

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 23, 2007. For further information please contact the project manager for this activity, Amanda Flake at 843-953-0258.*
